JOURNAL OF APPLIED GEOPHYSICS

Contents Volume 40, 1998

Special Issue
GROUND PENETRATING RADAR (GPR '96)
edited by
M. SATO and R. VERSTEEG

Preface vii
Radar facies of unconsolidated sediments in The Netherlands: A radar stratigraphy interpretation method for hydrogeology
R.A. van Overmeeren 1
Mapping shallow underground features that influence site-specific agricultural production
R.S. Freeland, R.E. Yoder and J.T. Ammons 19
Application of GPR for 3-D visualization of geological and structural variation in a limestone formation
T. Sigurdsson and T. Overgaard 29
Radar imaging of underground pipes by automated estimation of velocity distribution versus depth
H. Hayakawa and A. Kawanaka 37
The use of ground penetrating radar to map an ancient village buried by volcanic eruptions
M. Tohge, F. Karube, M. Kobayashi, A. Tanaka and K. Ishii 49
Ground penetrating radar and imaging metal detector for antipersonnel mine detection
C. Bruschini, B. Gros, F. Guerne, P.-Y. Pièce and O. Carmona 59
Electrical properties of water in clay and silty soils
T. Saarenketo 73
Dielectric permittivity of concrete between 50 Mhz and 1 Ghz and GPR measurements for building materials evaluation
A. Robert 89
GPR inspection of a mountain motorway in Switzerland
J. Hugenschmidt, M.N. Partl and H. de Witte 95
Radar attenuation tomography using the centroid frequency downshift method
L. Liu, J.W. Lane and Y. Quan 105
A waveform-range performance diagram for ground-penetrating radar
R.G. Plumb, D.A. Noon, I.D. Longstaff and G.F. Stickley 117
A frequency-independent characterisation of GPR penetration and resolution performance
D.A. Noon, G.F. Stickley and D. Longstaff 127
Finite-difference time-domain simulation of GPR data
H.-W. Chen and T.-M. Huang 139

Research Papers

New insights into the hydrogeology of a basaltic shield volcano from a comparison between self-potential and electromagnetic data: Piton de la Fournaise, Indian ocean
S. Boubekraoui, M. Courteaud, M. Aubert, Y. Albouy and J. Coudray 165
Walsh spectra of gravity anomalies over some simple sources
R.K. Shaw, B.N.P. Agarwal and B.K. Nandi 179
Analysis of electrojet-distorted magnetotelluric sounding curves
A. Carrasquilla and L. Rijo 187
Optimization of spread configuration for seismic data acquisition through numerical modeling in tectonically complex areas: a case study from Badarpur anticline, Cachar, India
S. Dutta and S.M. Chatterjee 205
